

## Principles of British Wildlife Care and Rehabilitation

### Summary

This course is ideal if you have an interest in British wildlife and animal care, rehabilitation and management. You will learn about the full range of common British birds, including sea birds and birds of prey. You will then find out about small mammals such as hedgehogs, hares and bats, as well as larger mammals like deer. Finally, you will deepen your knowledge of the marine mammals that frequent our shores, such as dolphins and whales.

<b>Course Provider</b>	Open Study College (OSC) 1760 Solihull Parkway, Birmingham Business Park, Birmingham B37 7YD 0330 433 2876   www.openstudycollege.com
